On behalf of myself and my family I send our sympathy. I will always have fond memories of Walt. He always took care of us all with a constant supply of food. Walt represented the government with intelligence and tenacity in all his negotiations. His photo is in our office here in DC and in many other Army offices through out the country. He is part of a montage of portraits that, when seen at a distance, merge to become the face of a Soldier.##imported-begin##Alfred Saletta##imported-end##

Connie, We will miss Walt very much. He was a great friend to us for many years. The kids enjoyed swimming in the pond and finding vegetables in his garden. I will always remember the toothpick he carried in his mouth. Walt had his own view of the world. I hope you find peace and comfort in memories of him. We will all miss him very much.##imported-begin##Jack & Debbie Peterman##imported-end##

Our deepest sympathy goes out to Walt's family. We worked with Walt & we are neighbors. (7604 Broadbridge, Ira, MI)Walt was such a sweet and caring man. Even when he was sick, he never let on like anything was wrong. He helped me get through the passing of my mother. He helped me help my father get through the loss of my mother. He was such a good friend. I learned so much about gardening from him. He started tomatos for me every year from seed. I will miss him more more than words can say and more than all the tomatos in the world. I will never forget him.

My prayers and thoughts are with you during this most difficult time. I will really miss Walt. Not only was he a great asset to the TACOM community, but he was a great guy! I'll never forget the time he tried to get me to try some deer sausage and I just couldn't make myself do it (smile). Walt never complained about being ill. He just kept coming to work and doing the best he could in spite of what I am sure were very painful days. I am proud and blessed to have known Walt. God bless you all.##imported-begin##Cassandra Maxwell & Family##imported-end##

To The Family:It is my prayer that you allow the Holy Spirit of God to console you during this time of great loss. Losing a loved one is never easy or timely; however GOD is in control. He loves each of us (HIS children / creation) more than we can or could possibly love each other. He alone determines when it is time for us to leave this temporary dwelling place (earth) and go to our permanent home (heaven). He is an awesome, good GOD and the only GOD. He alone knows what is best for each of us. Allow Him to be your LORD (head of your life) as well as your Savior and we will one day all meet again where there is no more sorrow, sickness, or pain; just continuous peace, joy, and happiness. Let's all thank God for the time we were able to share life with Walt . Let the love of GOD be your comfort and peace. AMEN!##imported-begin##Fudgene R. Swain##imported-end##

I worked with Walt for at least 10 years at TACOM, and ate his sausage for most of that. He was a cantankerous, grouchy, quick tempered soul over a heart of gold. I will miss our discussions on our Army service, his deer hunting, cars, tools, garden and varmits. I will miss him a lot. Mike Reese##imported-begin##Michael Reese##imported-end##

I've known Walt over nine years, ever since I joined his team at TACOM. Walt was an unique individual, with many facets to his personality. He was truly a guardian for the tax payer. Through his love of gardening and hunting, he often provided us with the fruits of his labor, not to mention all those 'secret recipes' he would bring in. He will truly be missed here but never forgotten!!js##imported-begin##Leonard Sokolowski##imported-end##

Walt & I enjoyed working together for many years at TACOM in the Pricing Division and especially later when we worked in the same Contracting Group together from 1997 to 2001. He was always very caring toward his coworkers. I remember his sharing the bounty of his garden with us on many occasions in summertime. His passing brings us sadness, but we treasure his kindness and the many good times we enjoyed with him##imported-begin##Roy Miller##imported-end##

I have known Walt since about 1985 and he always took time to talk to me. He took a liking to me since I am from Armada and a farm boy like him. He always shared his vegetables and liked to talk about the farm. I spent the last year and a half sharing a pod with him. I appreciated the fact that he attended my dad's funeral last October. He was a good man.##imported-begin##Joseph Jackson##imported-end##

This is not something that I prepared for even though I knew Walt was very sick. I want you to know he was truly a good friend and a wonderful person to share all of life's experiences with. With Walt you always knew what he didn't like, but you always knew that he was one of the kindness men in the world. He could be a pistol in all of his discussion to rouse the ladies up around here, but we could tell he was just a cuddly bear and that he loved you beyond anything. I am sure someday we will all meet again at the heavenly gates and since he got there first he will make sure that we have a smooth transition through the gates. I thin there are some people around here are going to have to work a little harder to get through though. Enough of my talk. Just wanted to let you know that he is in my thoughts and will always be a part of my prayers. Take care of yourself. I sat next to Walt recently, for nearly a year. I had some opportunity to work with him on some of my 'pricing' issues. He always had advise for me on how to handle gardening issues and where to find an excellent sale on the crackers he always had at his desk. He had a way of keeping things interesting. He will remain in my memory for a life time.##imported-begin##Elizabeth Kowalski##imported-end##
