Dad, you had asked me just 5 days ago if I was alright and I had told you I will be alright when you are alright... you said "I'm OK". I'm trying to hold it together these past few days because nothing feels OK, everything feels crazy and I am in disbelief, but I have to just keep telling myself that you're even better now than were that day. You will be missed more than any words will ever be able to describe. Rest wasy Big Bone Head. I love you so incredibly much! Xoxo ❤️
