Although we are unable to be there in person to pay our respects, please know that our hearts are with you. We are sending flowers as a symbol of our sympathy. While his passing came as a shock, we trust that he is now resting peacefully in Heaven. May these flowers offer comfort, reflection, and a reminder that even imperfect journeys come to rest in eternal peace. My girls just wish their dad, peace, love, and happiness. Bill was literally the most genuine person I have ever worked with, his heart was huge, his smile infectious, his care for others passed compassionate, and his personality unmatched. He was a person who listened to hear you and not just to respond. He took GENUINE interest in whatever you would converse with him about. I know, I absolutely know, that God has been proud of his son, and took him in with open arms. Praying for the family, for the Medstar Family, and for the future pts who lost the opportunity to be treated with kindness, respect, and sincere care. Rest easy Bill, hopefully you have rubbed off on others.

Thank you, Bill, for always being so kind and helpful at work. Knowing you were there gave me a lot of comfort because you knew what to do, where to go, who was who. I would show up from time to time and was clueless but because you were there I felt safe and comfortable. I will miss you!
