

Judith Ferland

December 17, 1933 - October 10, 2008

Judy has by-passed all life expectancy handed out by the medical field of the 1930's. With the help, love and encouragement of her parents and family she has led an enjoyable and independent life-working for the State of Michigan in Lansing. She received a memorable achievement award from Governor Engler.

Judy was proud of all her accomplishments and the special friends she made along the way. Her theme song must have been "I Did It My Way".

Being a survivor of Breast Cancer she continued her special interests while a resident of Medilodge of St. Clair.

Her reward for all her efforts is now being enjoyed with her family and special friends who had preceded her to eternal happiness with God.

Judy was welcomed home by her parents, Helen and Al Ferland, her brothers David and Albert John. What peace and joy is now hers for ever and ever.

In Jesus, Mary, and Joseph it has been a positive life well lived.

I, her sister Anne Mary with her brothers, John, Abe, and Frank, her nieces and nephews ask Our Lords very special blessings on each of you.

Per Judy's wishes, cremation has taken place. A memorial service will be held Saturday October, 18 at 11 AM at the Chapel of St. Mary's Cemetery, St. Clair.

Memorials can be Donated to St. Mary's or donors wishes. Arrangements by L.C.

Friederichs & Son, St. Clair
